The Skyrocket's baby brother is designed for shallower water and the younger demographic

The Catapult provides an exciting way for users to swing or launch themselves over the water. Features an integrated swim platform and lounging area on the inside that is easy to board from the water and allows it to be used as a stand-alone unit. Molded climbing steps on the inside and outside make it easy to climb onto the swing position. It can be used as a stand-alone item, or can be connected to any Aquapark using the 5 D-Ring Interloc system on 3 sides combined with our secure Vario-Lock cinch strap system.
