Swing the day away on this fun and classic climbing structure

Forget monkey bars on land. The monkey dome provides the ultimate way to challenge yourself and your friends to cross without falling. However, unlike regular monkey bars, you might actually want to fall because on the monkey dome, you fall straight into the water providing challenging all day fun. The sides of the monkey dome also provide a great way to cross to the other side of the Aquapark by including two Neptune style structures on each side. With three ways to cross, the Monkey Dome is sure to make an amazing addition to any Aquapark. It can be connected to any Aquapark on both ends using the 5 D-Ring Interloc system and our secure Vario-Lock cinch strap.
