Triple the fun providing unlimited possibilities to fight your opponents or find your perfect balance

Our Foxtrot balance beam is so popular that we decided to design one that provides three times the fun. Try to walk the three long and narrow beams as it tests your balance, strength, and concentration. Set up epic races to the center or incredible jousting matches with friends. The three identical beams also makes it a great opportunity to see who can stay on the longest. It can be connected to any Aquapark using the 5 D-Ring Interloc system on all 3 sides combined with our secure Vario-Lock cinch strap system.
